DETAILED ACTION

Request for Continued Examination (RCE)

The RCE filed on June 17, 2005, has been accepted and a detailed action follows below.

Claim Rejections - 35 USC § 102

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by Odom (6,058,379).

Odom discloses a method for real-time interactive exchange between buyers and sellers comprising providing a controller which allows a buyer to specify, via an electronic network, at least one term selected from the group consisting of minimum quantities the buyer would agree to purchase, minimum qualities the buyer would accept, the minimum length of time to which the buyer would agree to be bound to purchase said minimum quantities containing said minimum qualities, and the maximum or minimum price the buyer would pay, generating a plurality of mutually created conditional original sales offers from a corresponding plurality of sellers, each of said plurality of conditional original sales offers including said at least one term specified by said buyer and at least one term specified by at least one of said plurality of sellers, said at least one term specified by at least one of said plurality of sellers being a term not specified by said buyer, using said electronic network to transmit at least one of said mutually created conditional original sales offers to said buyer, and receiving via said electronic network said buyer's acceptance of said at least one mutually created
